PURSUANT to the provisions of Part III. of the "Town Planning Act," being chapter 287 of the "Revised Statutes of British Columbia, 1936," as amended by chapter 75 of the Statutes of 1946, His Honour the Lieutenant-Governor in Council has been pleased to approve the following regulations:—

REGULATIONS APPLICABLE TO VERNON REGULATED AREA.

1. *Description.*—These regulations shall apply to the area defined as follows: Commencing at the south-west corner of Township 13, Osoyoos Division of Yale Land District, being a point on the easterly shore of Okanagan Lake; thence easterly along the southerly boundaries of Townships 13 and 9 to the westerly shore of Long Lake; thence northerly along said shore to the westerly boundary of the District Municipality of Coldstream, as defined by notice in The British Columbia Gazette under date of November 24th, 1938; thence northerly and easterly along the boundaries of said municipality to the westerly boundary of Township 6; thence northerly along the westerly boundaries of Townships 6 and 5 to the southerly boundary of the District Municipality of Spallumcheen, as defined by notice in The British Columbia Gazette under date of July 21st, 1892; thence westerly along said boundary to the easterly boundary of Okanagan Indian Reserve No. 1; thence southerly and westerly along the easterly and southerly boundaries of said Indian reserve to the shore of Okanagan Lake; thence in a southerly direction along said shore to the point of commencement, save and excepting all that area contained within the boundaries of the City of Vernon, as defined by notice in The British Columbia Gazette under date of January 12th, 1893—all the townships herein above mentioned being in Osoyoos Division of Yale Land District.

2. The area defined in Regulation 1 is hereinafter called "the area" and shall be known as the "Vernon Regulated Area."

3. The Lieutenant-Governor in Council may appoint an Inspector for the area pursuant to the provisions of the "Civil Service Act, 1945."

4. The Inspector shall exercise the powers and functions conferred upon him by these regulations.

SUBDIVISIONS.

5. The approving officer as defined in the "Land Registry Act" shall not approve of a plan of subdivision unless, in addition to compliance with section 85 of the "Land Registry Act," there is compliance with the principles and requirements prescribed in Regulations 6 and 7 hereof, except where provision for the relaxation of said regulations is made herein, provided that the approving officer, in cases where he considers strict compliance with the requirements of Regulation 6 would cause undue hardship, may, with the consent of the Inspector, approve a plan of subdivision without compliance with the principles and requirements prescribed in Regulation 6.

6. No land shall be subdivided into lots or parcels for building purposes unless:—

- (a.) A method of sewage-disposal satisfactory to the Medical Health Officer is possible for each lot;
- (b.) Each lot in a residential district is at least seven thousand five hundred square feet in area and, in addition, is at least sixty feet in width and at least one hundred feet in depth; or in a commercial or industrial district is at least thirty-three feet in width and at least

one hundred feet in depth. Where the area proposed to be subdivided is of such a shape, or the design of an adjoining subdivision is such, that in his opinion a variation from such measurements is justified, the approving officer may approve a plan showing such variation:

- (c.) Each lot abuts on a public highway:
- (d.) The approving officer is satisfied that the subdivision design is suited to the configuration of the land in and about the area proposed to be subdivided and to adjoining subdivisions:
- (e.) Road allowances have been located so that the constructed road shall not exceed a seven per cent. grade in the case of major traffic roads and twelve per cent. in the case of all other roads, as shown upon the plan accompanying these regulations and marked "Road Plan of Regulated Area about Vernon":
- (f.) Every road allowance that in the opinion of the approving officer is intended for or is likely to become a major traffic road, or that forms a continuation or an extension of a major traffic road, is at least eighty feet in width, and every other road allowance is at least fifty feet in width. Such minimum widths shall be increased where so required by the approving officer. Where a proposed subdivision abuts on a major traffic road, half of the difference between the existing width and the required width as detailed by the Assistant District Engineer, such width being not less than eighty feet, shall be provided by land taken from the subdivision:
- (g.) All road allowances are rough-graded to provide a usable road grade eighteen feet wide along the centre lines of said road allowances to the satisfaction of the Assistant District Engineer:
- (h.) All structures of any kind, including fences, are removed from the road allowances:
- (i.) The land is not swamp land and is not subject to intermittent periodic flooding other than irrigation flooding.

7. The subdivision of land in rural districts into parcels of less than two acres shall not be approved except on the recommendation in writing of the Board of Appeal.

BUILDINGS.

8. No person shall commence the erection or repair of, or an alteration or addition to, a building or structure in the area without first obtaining a permit in respect thereof from the Inspector.

10. Before considering an application for a permit, the Inspector shall require the applicant to furnish evidence of compliance with Regulation 6 (g) hereof, in addition to such plans, specifications, and other information as he thinks proper.

11. Except as provided in Regulation 36 hereof, the Inspector shall not issue a permit for any building unless it complies with the requirements of the following clauses:—

- (a.) Any building intended for human or animal habitation, or as a place where people may congregate, such as a community hall, dance-hall, or similar use, or as a food-catering establishment, shall have provision made for sewage-disposal satisfactory to the Medical

Health Officer, and the water-supply shall be satisfactory to the Medical Health Officer:

- (b.) There shall be not more than one dwelling on each seven thousand five hundred square feet of land except where subdivision into parcels of less area has been made prior to the date of these regulations or as provided for in Regulations 5 and 7 hereof, in which case a minimum area of land of six thousand square feet shall be required for each dwelling:
- (c.) Structural details and plumbing installations shall comply with the "National Building Code" of the National Research Council of Canada:
- (d.) No building intended for human habitation shall have a floor area of less than five hundred square feet:
- (e.) The window area in any room shall be at least one-tenth the floor area:
- (f.) Where sewer and sufficient water facilities are available, every building intended to be used for human habitation shall be provided with at least one sink and one toilet and one bath-tub or shower properly connected to the sewer:
- (g.) Where land is occupied or is to be occupied by more than three dwellings per acre or by more than three families per acre, if a sufficient water-supply is available, flush-toilets draining into septic tanks or otherwise satisfactory to the Medical Health Officer shall be provided:
- (h.) Where privies are permitted, they shall conform to the requirements of section 16 (f) of the Regulations for the Sanitary Control of Industrial Camps:
- (i.) Along the shore of Okanagan Lake no building, other than accessory buildings which, in the opinion of the Medical Health Officer, are not likely to cause pollution of the water, shall be erected within a less distance from the normal high-water line than fifty feet.

12. (a.) Pickers' temporary dwellings and accessory buildings conforming with the Regulations for the Sanitary Control of Industrial Camps shall be exempted from the requirements of Regulation 11 hereof.

(c.) Tourist camps shall be located only on sites approved by the Appeal Board.

(d.) Any installation, erection, or use of electrical equipment shall be subject to the regulations of the "Electrical Energy Inspection Act."

(e.) All structures shall conform with the provisions of the "Fire Marshal Act" and with any regulations made pursuant thereto.

13. The Inspector may withhold a permit for, or order the removal of, any structure, the existence of which is in his opinion contrary to public interest. The Inspector in his order for removal shall name a time by which such structure shall be removed.

14. If a permittee has not commenced to exercise his rights under the permit within six months from date of issue, the permit shall expire.

15. Where a person obtains a permit, he shall carry out the construction in accordance with the terms on which the permit is based and not otherwise.

16. The Inspector shall have power to enter upon and inspect every building in course of construction in the area.

17. If any person is erecting a building without a permit, or that is not in accordance with the plans and specifications on which a permit is based, the Inspector may:—

- (a.) Order that person to cease building; or
- (b.) Order that person to conform to the plans and specifications; or
- (c.) Order that person to remove the building within a time-limit to be stated in the order.

18. The owner of any building that does not conform to these regulations may be ordered by the Inspector to make such alterations or additions or do anything that may be necessary to bring said building into conformity with these regulations by a date to be specified in the order.

19. Every person to whom an order is directed pursuant to these regulations shall obey the order.

ZONING.

20. The area is divided into districts of the following classes:—

- (a.) A "rural district" being a district shown uncoloured within the boundaries of the area bordered red on a plan deposited in the Department of Municipal Affairs and also in the office of the Government Agent at Vernon:
- (b.) An "urban district" being a district coloured yellow on the said plan:

- (c.) Accessory buildings located in a rear yard and uses customarily incident to the above uses, provided that a building to shelter domestic animals must be situated not less than one hundred feet from the street in front or from any other dwelling or from any well, spring, or creek, and further provided that all such accessory buildings shall not occupy more than thirty per cent. of the rear yard.

(2.) The keeping of domestic or domesticated animals shall be permitted unless the Medical Health Officer otherwise decides.

(3.) No person shall erect a building on a site unless there is compliance with the following conditions:—

24. In a commercial district, land may be used for purposes specified in rural and urban districts, or for retail stores and similar commercial uses, offices, and service-stations, but not for industrial establishments employing over six permanent employees, or fruit processing or packing and similar plants, or other uses not deemed by the Board of Appeal to come within the meaning of the term "commercial use." Where a building is used for retail or other commercial uses where there is no public lane, provision shall be made for access to the rear of the building, where loading and unloading operations shall be conducted off the public highway. 28. Any use of land or buildings contrary to the provisions of Regulations 20 to 27, inclusive, but which existed prior to the coming into effect of these regulations, may be continued, unless in the opinion of the Medical Health Officer and the Inspector such continuance is prejudicial to public health or interest.

REMOVAL OF BUILDINGS.

29. If the Medical Health Officer having jurisdiction in the area finds that any building is dangerous to health, he shall so notify the owner of the land, and he may either:—

- (a.) Require the owner to put the building in a safe condition within the period of time limited in the order; or
- (b.) Require the owner or occupant of the building to vacate it within thirty days from the date of the order, and he may also order the owner to demolish the building within a period of time limited in the order.

APPEAL.

30. (1.) Except in the case of subdivision requirements in respect of which provision for appeal is made in the "Land Registry Act," any person who considers that any refusal to grant him a permit, or any order issued to him under these regulations, will cause him undue hardship shall have a right of appeal by way of a hearing before the Board of Appeal.

(2.) Any person exercising the right of appeal shall file with the secretary of the Board of Appeal within ten days of the giving of any decision under the foregoing regulations a written notice of appeal therefrom, which shall state clearly the grounds upon which the appeal is made. 33. The chairman of the Board of Appeal shall have authority to administer oaths to the witnesses on the appeal.

34. In disposing of appeals the Board of Appeal may make such relaxations of these regulations, or of any order issued pursuant to these regulations, as the Board of Appeal considers necessary to ensure substantial justice.

35. The decision in writing of a majority of the members of the Board of Appeal shall be the decision of the Board, and shall be final.
